CFMS Western Regional Directors  
2020 Annual General Meeting  
September 19-20th, 2020, Virtual*

## I. DESCRIPTION AND INTRODUCTION

The Canadian Federation of Medical Students (CFMS) is the representative voice of Canadian medical students to the national medical organizations, to the federal government, to the public, and to other external bodies. The CFMS represents over 8000 medical students at 15 Canadian medical schools from coast to coast. It is the mission of the CFMS to represent, support, and connect its members. The CFMS aims to communicate within its membership, as well as from its membership, to the world at large. As an ever-expanding organization, the CFMS continually strives to meet the consistent and changing needs of Canadian medical students.

### Brief Description

There are two Western Regional Directors elected for each term. The CFMS Western Regional Directors are responsible for representing all CFMS member schools in the Western provinces. The schools are:

- University of British Columbia
- University of Alberta
- University of Calgary
- University of Saskatchewan
- University of Manitoba

The Western Regional Directors will chair or attend external meetings, committees, task forces and working groups as required by their regional duties and by their attaché dyad position. They will collaborate with medical societies in the planning of Western Regional events. Finally, the Western Regional Directors carries out strategic duties in maintaining their fiduciary responsibilities to the CFMS.

Henry Li has been serving as President-Elect since SGM 2020 and is cross-appointed with the Finance portfolio. Devon Mitchell is the Vice-Chair of the Board and is cross-appointed with the Government Affairs portfolio

## VI. FUTURE PLANS & ACTION ITEMS

COVID-19 Implications: The onset of the COVID-19 pandemic has had far reaching implications for the member schools represented by the Western Regional Directors. Our policy priorities remain unchanged, however our focus has shifted as we move to focus on supporting students during this challenging time. This will likely be part of the portfolio for our colleagues in the future.

Future Plans: our main goal for the portfolio is to ensure that our replacements are able to continue to maintain the lines of communication we have established with the Presidents of our region's member schools, and to continue to advance the advocacy priorities established by our constituents. A tragic loss for our portfolio is the postponement of the annual meeting of the Western Deans, which is our critical advocacy venue. As such, the new WRD's will need to find new and innovative ways to make our advocacy priorities known to our region's member schools and to ensure that they are representing the needs of our constituents as the educational and social landscape changes dramatically.

## VII. REFLECTIONS AND CONCLUSIONS

Our portfolio has been busy and productive throughout the year. We have worked diligently to ensure our advocacy is effective and sustainable, by innovating our presentation of asks and rolling out direct communications with member school student populations. Outside of the Western Region, we continue to represent the CFMS board in various forums, including the Royal College and in our dyad roles. We hope to pass on the experiences and innovations of the WMSAM 2019 for future years to continue to optimize. It has been a pleasure serving as your 2019-2020 Western Regional Directors and we are excited to see what the future holds for the CFMS and medical students in Canada.
