

Madeline Power
CFMS Atlantic Regional Director
Applicant Biography

Hi there! My name is Madeline, and I am beyond excited to run for the Atlantic Regional Director position. I am a highly driven graduate from Mount Allison University with a strong passion for research. Beyond my studies, I have excelled in various fields, such as being a top-ranked international taekwondo athlete and a recognized Canadian Armed Forces Reservist, which has honed my leadership, teamwork, and resilience skills.

Throughout my academic journey, I served as the Co-President of the Mount Allison University Graduate Student Society. I had the privilege of connecting graduate students through organizing events, representing their interests to the administration, and supporting their personal and professional growth. At Dalhousie, I was elected as the Member at Large for the Dalhousie Medicine Student Society (DMSS) and currently serve as the Vice President NB for the DMSS, where I help shape initiatives that empower and support medical students at my campus and connect with medical student societies across Atlantic Canada.

Beyond my involvement in student societies, I am engaged in various community and volunteer activities, such as the Kids Run Club NB, where I founded a school-based recreational running program to promote active, healthy living for children and youth in NB. These experiences have honed my ability to provide guidance and support to others and have deepened my understanding of the needs of diverse communities. As an individual who thrives on connecting, supporting, and representing others, my experiences make me an ideal candidate for the Atlantic Regional Director position.
